

## Percussion Equipment needs for Band Members

*Percussion students in the 6<sup>th</sup>, 7<sup>th</sup> and 8<sup>th</sup> grade band classes at Broad Creek Middle School will have the opportunity to learn to play several quality percussion instruments that require the use of specific sticks or mallets. Each percussion student is expected to report to class prepared with the appropriate mallets and sticks necessary for the many percussion instruments that he/she will be learning to play! Beyond the beginning band bell kit, Broad Creek Middle School will provide advanced percussion instruments that the students will be using during class and at concerts. Each student must come to class prepared with the appropriate materials for each grade level to ensure their participation and success!*

NOTE: All percussion students should retain their student bell kit that was rented/purchased in their beginning band class! The bell kit will provide percussion students the opportunity to practice their method book exercises at home.

Percussion students are expected to own the items listed below and bring them to class in their mallet bag! You may purchase these items from any source you choose. You may want to consider acquiring these items following the grade level guidelines below. It is not necessary to purchase all items at the same time. If contacted, Mr. Edmonds, the director will be glad to assist you with any questions you may have regarding the acquisition of these items.
